Bill further to amend the Mysore District Boards Regulation, 1926.

327

Under the existing Regulation, the Railway Cess collections made in a District as well as the income from the accumulated funds are to be utilized solely for construction of Railways. The President, District Board, Tumkur, has submitted a Resolution of the Board requesting that the accumulated interest on Railway Cess funds be permitted to be utilized for the construction and maintenance of roads. The District Boards of Kolar, Mysore and Shimoga who were consulted in the matter, have agreed to this proposal.

W, V, U

It is accordingly proposed to amend Section 68 of the District Boards Regulation so as to allow the utilization on works which may improve the means of communication in the District, of the whole or any portion of the interest derived from investment of Railway Cess, not immediately required for expenditure, or the income from railways which is in excess of the amount required for re-payment with interest of the loans raised, or the amount required for guaranteeing the payment of interest on capital expended, for construction of Tramways or Railways.

The Dewan and the Members of Council have agreed to this proposal and gracious sanction of His Highness is solicited for placing the Bill before the Representative Assembly and the Legislative Council.

S i r,

I have the honour to state that one of the members of the District Board proposed at the meeting of the District Board held on the 16th October 1930 that as the people of the District have not derived any benefit from the levy of Railway Cess, the accumulated Railway Cess collections may be appropriated for opening out and maintaining new roads in the District. The Board having considered the subject at great length resolved that Government be requested to permit the utilization of the interest on the accumulated Railway Cess for the construction and maintenance of -- roads. A copy of the resolution of the Board is enclosed for -- perusal.

In this connection, I have to state that there are many important places in this District which have to be connected by -- roads and it is not possible to do so out of the normal income of the District Board and it is therefore proposed to utilize the interest that will acrue on the accumulated Railway Cess for the purpose. I request the Board's proposal may therefore be kindly sanctioned.

Dear Mr. D'Souza,

L 5604

GENERAL SECRETARY'S BRANCH 25 MAY 1931 No.

The matter of permitting the District Boards to use the interest on accumulated balance of the Railway Cess Fund has not yet been decided by the Government. This year, the resources of the District Boards are very much crippled owing to lower realisations in Forest and Excise Revenues and the shrinkage of other sources of revenue. Under these circumstances, the District Boards are not in a position to meet their demands. Of course, as already suggested by Government, amendment of the Act is necessary for this purpose. I request you to kindly get an emergent bill introduced at the next sessions of the Assembly and Council and get it passed at a single session without the usual formalities. Many important and urgent measures have been passed like this. I request you to kindly adopt this course immediately and thereby enable the District Boards to continues to render some useful service to the Districts even at this time of great distress.

Yours sincerely,
